

Thule Chariot Captain Rain Cover

➤ Instructions

GENERAL WARNING

- Never leave a child unattended in the Thule child carrier and store the rain cover out of reach of children to avoid any possibility of suffocation.
- Ensure that the rain cover is dry before storing to avoid mildew.

NOTICE

When used in conjunction with the two-in-one cover; install and close the rain cover over top of the two-in-one cover.

USING THE RAIN COVER

- To put the cover on the Thule child carrier; remove the handlebar and slide the holes at the top of the cover over the upper frame. Ensure that the cover is not inside-out.
- To close the cover; pull down on the corners at the bottom of the cover and hook them onto the front of the Thule child carrier. Pull the side loops back and hook them onto the front of each wheel fender.
- To open the cover; unhook the side loops and pull the front of the cover off.
- To remove the cover from the Thule child carrier; remove the handlebar, open the cover and slide the top of the cover up, off of the upper frame.
